SPRINGS & PRESSINGS

AGRICULTURE SPRINGS

The Agricultural segment in the Lesjöfors Group is based on advanced technologies and know-how. Lesjöfors has many international customers in the agriculture business and our prime mission is to excel in all spheres in which we are competitive.

We respond to the demands from our customers, working together to find cost-effective solutions. All our Agriculture Springs are customized in uncompromising quality to fit in to our customer's agricultural machinery. Key word is:

- **High quality**
- **Short time development**
- **Efficiency logistic**
- **Just in time deliveries**

S & P Federnwerk is the agriculture manufacturing specialist in the Lesjöfors Group:

- **Harrow tines**
- **Torsion and double torsion springs**
- **Extension springs, torsion springs,**
- **Wire forms**
- **Flat coil springs**
- **Assembly lines**

What is important for our customers?

- Active participation and non-bureaucratic assistance in the development of new products
- Wide experience in material and process issues
- Information about new insights and innovations for product manufacture
- Short decision time in a flat organization
- End user experience

Lesjöfors has long and extensive experience in the manufacture of springs and constantly gives priority to technological developments in this field. Our main competitive advantages are our wide product range, high-quality production, leading-edge technical skills and superior customer support.

- We offer flexible manufacturing processes from single items to high volume production.
- With close cooperation with our customers in the product development process, we can lower costs and reduce impact on the environment – under or over engineered products can be costly for all concerned.
- The Lesjöfors Group manufacture compression springs, tension springs and torsion springs in dimensions from 0,03 to 65 mm, which covers the vast majority of our customer's needs.
- The Group has close links with suppliers, standard institutes and universities, contributing to problem solving, technical experience & expertise we can offer.

Lesjöfors provides various colors for protection and cosmetic performance.
