

**LESJÖFORS**

Springs & Pressings

**Your partner in  
sustainable spring  
and pressing solutions**

**For your medical applications**

---

**Our ambition is  
to be the most  
sustainable spring  
and pressing company  
in the world.**

---

## **Important mark in our Sustainability Roadmap towards 2030 – SBTi approves our climate goals**

In a first for the spring manufacturing industry, the Lesjöfors Group's near-term GHG emission reduction targets have officially been validated by the Science Based Targets initiative (SBTi).

Lesjöfors is fully committed to achieving the Paris Agreement goals of limiting global warming to 1.5 °C above pre-industrial levels.

**SCIENCE  
BASED  
TARGETS**

DRIVING AMBITIOUS CORPORATE CLIMATE ACTION

# Roadmap to 2030

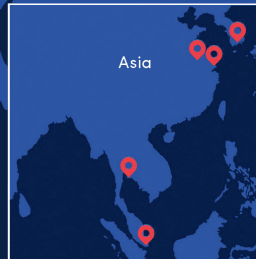

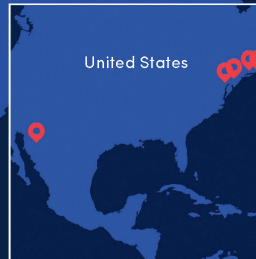

We are on a journey.  
Finding solutions  
and making changes.

# Global footprint

With our locations in Europe, Asia, and the U.S., we meet the highest standards of quality and delivery performance, achieved through state-of-the-art production facilities and production technology, a large range of products, use of the latest laboratory technology, highest cleanliness requirements and certified standards.
